Docket #3617, 41 Westminster Avenue: Mr. Klein explained the rules to of how to review and comment on a draft decision within the regulations of the open meeting law. Before the Board voted to accept, Mr. O'Rourke suggested that in the future the Petitioner's Attorney should write Variance Decisions. Mr. DuPont thought that the result would be Decisions in favor of the Petitioner (or client). After some discussion, the Board agreed. Mr. Hanlon said that "as long as we can comment, adjust, and given that a vote is required to except, there is no risk". It was suggested that because this case included both a Variance and a Special Permit, the Decision should address each individually. Mr. Vallarelli agreed and offered to make the adjustment.

DECISION PENDING

Docket #3612, 1314 Massachusetts Avenue: Mr. Klein asked if there were any comments or suggestions. Mr. DuPont corrected the paragraph that insinuated that the case analysis was not his opinion but rather just a statement by Professor Mark Bobrowski. Mr. DuPont made a motion to accept the Decision.
